# INSTALL VENA STONES IN 3 EASY STEPS

1

## WALL PREPARATION

- > Vena screw-on panel is installed on a 1/2-in plywood or over a 7/16-in OSB substrate.
- > Install a weather water resistant membrane on the surface to be covered.

2

## INSTALL THE STARTER STRIP

- > Install the starter strips at level at the base of the area to be covered.

3

## SCREW-ON THE PANELS

- > Screw-on the panels starting with the outside corners.
